Brundage Mountain Resort – Regional Synergy

- Just 8 miles from McCall and ~30 miles from Tamarack; family-friendly with 1,500+ acres of varied terrain.
- Active expansion: \$35M invested since 2021 (reinvested into resort via residential development); new slopeside neighborhoods (Norhaven approved 2025) and base-area growth.
- Complements Tamarack: Two strong resorts within 30 miles create a true destination ski region (like a mini-Vail Valley), driving more year-round visitors, longer stays, and higher real-estate absorption.

McCall & Valley County – Booming Growth Corridor

- Strong housing demand: Median home values \$780K–\$940K with continued appreciation.
- Acute supply shortage: Projections show need for 355+ new housing units in McCall alone over the next 5 years; Valley County seeing multiple workforce/apartment projects in Donnelly to meet visitor and local demand.
- Tourism surge: Idaho's third-largest industry with record lodging-tax collections; McCall/Valley County benefits from Boise's 90-minute drive (tech/second-home buyers flooding in).
- Direct adjacency to your parcel via Wildwood Lift creates immediate ski-in/ski-out adjacency for buyers without the internal resort premium.

Tamarack Resort – Explosive Momentum as America's Only Ski-Golf-Lake Destination

- Completed a multi-year \$200M+ revitalization (village, mountain, lodging, dining).
- New 2025-26 ski season upgrades: 2 new trails + ~50 acres of expanded terrain (post-Rock Fire recovery), enhanced snowmaking, widened beginner runs, and improved lift access.
- Marina debut Memorial Day 2026: First full-service public marina on Lake Cascade (100 boat slips, fuel dock, boardwalk, beach, rentals). This cements Tamarack as the only U.S. resort offering true ski-golf-lake integration year-round.
- Residential pipeline accelerating: Aspen Townhomes (Phase 1 vertical construction underway, 60 units total planned), Lake Wing Condominiums (pre-construction), plus recent approvals for 73+ additional homes/townhomes in the base area. Long-term entitlements for ~1,400 residences.
- Major mountain expansion filed: 2,400-acre Special Use Permit application on national forests and for new lifts, terrain, and snowmaking—potentially doubling skiable acreage.
